

# **HULL HEALTH EMERGENCY**

**Keep Hull COVID-19 safe:**

- Hull has one of the highest rates in England
- Our hospitals risk reaching capacity
- We need people to stay at home apart from essential journeys
- If we don't follow the rules we risk not being able to see our families over the Christmas holidays
- Together we need to take action to protect the workers we depend on who cannot work from home

**Please share this important information  
with others who might not see it**

**PLEASE DO IT FOR YOUR FAMILY,  
YOUR FRIENDS, YOUR NHS AND YOUR CITY**
