Year 5 Newsletter - Spring 2024

Welcome to Spring 2!

Thank you for your support throughout last half term.

This half term, we have started reading 'SkySong'2. We will be writing our very own version of this story with themes of a 'wishing tale'. We can't wait to show you them. As mathematicians, we will be starting the half term by building on our prior learning of fractions. All children made great progress last half term with this. Well done for all of the children's hard work with TT Rockstars. Also, a big thank you for all parents that were able to attend our maths workshops. We hope you enjoyed seeing us hard at work!

As scientists, we are working as chemists! We are going to build on our materials knowledge to explore reversing solutions. Once we have made our predictions, we are going to use a fair and comparative test to identify solutions which can and cannot be revered and separated! As designers, we are going to construct an Anglo-Saxon long boat. After investigating and researching, we will be designing and constructing our own long boat! Keep posted on twitter to see us in action!

General Information

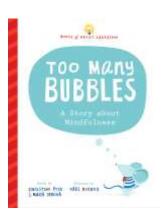

Homework -Homework is set on a Friday and should be returned the following Thursday. If you have any questions about this, please message via class dojo.

Home reading - Reading books are changed on a Friday. Books must be returned on a Thursday in order for us to change them, however children should bring their books to school every day. Please message us if your child is finding their book hard or you think it isn't challenging them enough! By reading at home and completing the reading record, you will help your child compete in the class reading race!

PE - Year Five both sessions of PE on a Thursday. Please can children bring their appropriate PE kits for these sessions.

What we are reading!

We love to choose books from The Hive and our reading camp too!
