

Year 1 Newsletter - Summer 1

After a fantastic Spring Term, I am excited to welcome the children back for the Summer Term. They are enjoying reading 'Elmer,' by David McKee and have learned some actions to help remember the story. As scientists, the children will be learning about plants and in maths, they are beginning to understand the structure of 2 digit numbers. Year 1 have had a visit from two lambs and they absolutely loved it- their behaviour in this visit was amazing!

General Information

PE - This term, the children have their PE lessons on a Friday afternoon. The children have both an outdoor and indoor session on this day.

Home reading - Children need to continue to read at home as part of the home school agreement. This is to help improve their reading stamina and fluency. It should be enjoyable and therefore, if they read books that they have selected independently, or news articles that they have found interesting, then we want to hear about it. The children will receive their reading record and banded book on Friday for them to be safely returned on the following Thursday

Thank you for your continued support,

Miss Barton
