

Year 2 Newsletter - Summer 1

After an excellent Spring term, I am excited to welcome the children back for another brilliant half term. The children have been working exceptionally hard this year and it has been lovely watching them flourish as the year has gone on.

We are enjoying reading our class text, *Flat Stanley* and also our linked texts. In maths, we are beginning to learn fractions of shapes and amounts. We are also learning about the Wright Brothers in history, and we enjoyed our school trip to the Air Museum. Also, we are learning athletics and dance in PE and cannot wait to get outside in the nice weather! In science, we are looking at plants and we are going to be growing our own.

General Information

PE - This term, the children have their PE lessons on a Monday afternoon. This will be an outdoor and an indoor session.

Home reading - Children need to continue to read at home. This is to help improve their reading stamina and fluency. It should be enjoyable and therefore, if they read books that they have selected independently, or news articles that they have found interesting, then we want to hear about it. The children will receive their banded book on Fridays, for them to be safely returned on the following Thursday.

Homework - Homework goes out on the Friday with the children's reading books, and it needs to be returned on the following Thursday.

Sun protection - Throughout this term, we are likely to face warmer weather. Please can you ensure your child brings a labelled water bottle, sun hat and has applied sun cream when necessary. Children can bring sun cream into school, but the bottle must be labelled.

Thank you for your continued support,

Miss Millett
