

# Part B: Review of outcomes in the previous academic year (2024-2025)

## Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2024 to 2025 academic year.

### **Phonics Y1**

The gap between the school's disadvantaged pupils and other pupils nationally has been eradicated. Disadvantaged pupils outperform other pupils nationally.

### **Phonics Y2**

The gap between the school's disadvantaged pupils and other pupils nationally has been eradicated. Disadvantaged pupils outperform other pupils nationally.

### **Multiplication Check Y4**

The mean score attainment gap between disadvantaged pupils and other pupils is narrower than the national figure.

### **Y6 outcomes**

The gap between school's disadvantaged pupils at the expected standard in reading, writing and maths combined, and those pupils nationally has been eradicated. Disadvantaged pupils outperform other pupils nationally.

### **Emotional well-being and Mental Health of pupils.**

Levels of parental engagement in school activities, eg parents evening, parent work shops, parent SATs meeting, stay and play has continued to improve. Internal and external monitoring shows that children settle quickly into school/lessons and disruptions are a rarity (lesson observations and learning walks by school and HET). Internal and external monitoring supports these judgements. ELSA trained TA worked with 12 children this year as well as other children providing ad hoc well being support.

### **Attendance and absence, including those deemed to be persistent absentees**

Our attendance for 2024-2025 overall was 96.7% (an increase of 0.7% on the previous academic year). This was above the national figure.

Rate of persistent absence 2024-2025 for all pupils was 9.2% which was well below the national figure.

Overall attendance of the school's disadvantaged pupils was 96.1% which is well above the national figure of 92.1%

Rates of persistent absence of disadvantaged pupils was 7.5% compared to other pupils nationally which was 13.5%.

## Service pupil premium funding

The school does not receive any service pupil premium funding.

Measure	Details
How did you spend your service pupil premium allocation last academic year?	N/A
What was the impact of that spending on service pupil premium eligible pupils?	N/A
