

Year 3 Newsletter - Summer 2026

Year 3 have had an excellent start to summer term and have come back to school eager to learn and ready for our final term of Year 3!

Our history unit this term is 'What was important to Ancient Egyptians', which we are enjoying learning about! As scientists, we have been looking at plants and setting up different experiments to see what plants need in order to survive. In writing, we are enjoying The 'One for All' as our stimulus, writing setting descriptions and narratives. We have continued to be super mathematicians and we have been working on mass and capacity and have started our new unit on time. Again, all children used their prior knowledge to support them! It has been great to see some children continuing to use Times Table Rockstars!

**General Information**

**PE** - This term, the children have their PE lessons on a Thursday afternoon but this may change weekly. This will be an outdoor and an indoor session. Please can we make sure the children are wearing the correct PE kit - white t - shirt, black shorts, tracksuit top and bottoms and trainers.

**Home reading** - Children need to continue to read at home. This is to help improve their reading stamina and fluency. It should be enjoyable and therefore, if they read books that they have selected independently, or news articles that they have found interesting, then we want to hear about it. Once the children have read their book, they need to return it to school with the reading record for it to be changed.

Thank you for your continued support.

Miss Millett and  
the Year 3 team
